## R.E. Intent

At Woore Primary and Nursery School, we believe that it is vital for our children to learn from and about other religions, to help them to understand our diverse world community. Religious Education provokes challenging questions about the ultimate meaning and purpose of life, beliefs about God or ultimate reality, issues of right and wrong and what it means to be human. Teaching will equip children with knowledge and understanding of a range of religions and non-religious world views. It will enable children to develop their own views, values and identity. It should develop and aptitude for dialogue in children and the capacity to participate positively as members of a diverse society. Children will have the opportunity to learn with increasing level of complexity and depth.

Children will learn to articulate clear and coherent accounts of their personal beliefs, opinions, values and experiences, while respecting the right of others to have different views, values and ways of life.
