

	CYCLE A	CYCLE B	CYCLE A
Access Vrt 	REC/Year 1	Year 2/3/4	Year 4/5/6
Autumn 2	Simple Printmaking Printmaking, Collage, Sketchbooks	Exploring Pattern Drawing, Collage, Sketchbooks	Making Mono Types Printmaking (Mono Print), Drawing, Sketchbooks
Print, Colour, Collage	<p>Pupils use their hands and feet to explore printing patterns using their bodies.</p> <p>Pupils are introduced to primary paint colours and will demonstrate an understanding of how they can create a 'print' using controlled pressure and paint amounts. Pupils have time to experiment with line, shape and colour to create drawings over the top of their prints.</p> <p>Pupils collect textured objects which they will take rubbings from, using materials such as wax crayons or pencil crayons. Pupils work in sketchbooks or on large sheets to create compositions with their rubbings.</p> <p>Pupils are introduced to 'relief printing'. They demonstrate their understanding of the relationship between a plate and a print through making either impressions in plasticine or creating a deep recess in foam board. Pupils demonstrate their understanding of using controlled pressure and paint amounts to create a print. Pupils have the opportunity to demonstrate an understanding of 'repeat pattern/repetition' using collage.</p> <p>Pupils reflect on their drawings over the half term, sharing what they like and what they would like to try again through peer discussion.</p>	<p>Pupils will relax into making a sensory drawing by making holes in a page with a sharp pencil and needle. They repetitive nature of the activity will encourage pupil to make decisions as they go to create a rhythmic piece. Pupils will discover an artist who explores patterns, signs and motifs that hold significance to her identity and will respond to her work in a class discussion.</p> <p>Pupils will devise their own process criteria to help them make drawings inspired by Sol Lewitt. Pupils will experiment with materials and colours to invent their own unique patterns. They will consider angles and mathematical terms such as "parallel". They will work in sketchbooks, collaborate, and discuss aims and outcomes.</p> <p>Option 1: Pupils will become familiar with tessellations. They will invent their own shape that fits together repeatedly. Pupils will explore colour theory such as complimentary colours, and cold and warm colour.</p> <p>Option 2: Pupils will explore the work of a surface pattern designer. They will use collage to make their own repeat pattern, thinking about colours and shapes, and the relationship between the components to create a balanced composition.</p> <p>Option 3: Pupils will fold paper and use pattern to make an object. They will explore colour, line, and shape to create patterns within their puzzle purse.</p> <p>Pupils will display their work in a clear space and reflect on the half term, sharing what they like and what they would like to try again through peer discussion. They will take photos of their work thinking about focus and light.</p> <p><i>Rachel Parker, Shaheen Ahmed, Andy Gilmore, Louise Despont</i></p>	<p>Pupils will become familiar with the term 'monotype'. They will explore the work of Kevork Mourad to find out about the concepts and processes that he uses. Pupils will respond by making visual notes to collect information in their sketchbook.</p> <p>Pupils will be reminded of the vast array of marks available to them through looking at others artist's work. They will work in sketchbooks to create a lexicon of marks made by varying the tool, hold, pressure, speed, and intention of the way the mark is made.</p> <p>Pupils will explore how they can use monotype to create their own personal zines. They will respond to poetry by considering colour, line, shape, and words. They will use these components to capture the mood of the poem. Pupils will work in sketchbooks to generate ideas, explore, develop, and reflect. They will use the mark making skills from week 2 to create exciting monotypes, combining process, paintings, and collage.</p> <p>Pupils will display their work in a clear space and reflect on the half term, sharing what they like, what they would like to try again, the creative journey, and the skills learnt through peer discussion.</p> <p><i>Kevork Mourad</i></p>
