

Governor Profile

Craig Battrick

Parent Member

I am a parent governor for Woore Primary and Nursery School and a member of the Health and Safety Committee and Link Governor for Safeguarding and LAC.

My background includes over ten years working in education in a variety of different roles including positions of senior leadership and my current role as Head of School at Tibberton CE Primary.

I am heavily invested in the success of Woore Primary School, with two children currently on roll in Class 2.

I also have previous experience of being a co-opted governor and currently serve as the staff governor for two federated schools within Telford & Wrekin. I am familiar with the demands and responsibilities this entails and I am able to offer a skills set that serves to enhance the governing body.
