

## **Governor Profile**

# **Cllr. Michael Cowey**

I was previously for 4 years the Local Authority Governor for the school and subsequently an Associate Member of the Governing Board. Now that we have joined Collective Vision Trust, I have become a member of the Local Governing Committee. My aim is to ensure that the Health, Safety & Wellbeing of pupils, staff and parents is protected as they go about life in the Parish, also to continue progress in developing the school for the future.

I am currently Chairman of Woore Parish Council and have resided in Woore for fourteen years following my retirement from the National Builders Merchants sector where I lived in various parts of England during my fifty years of employment. The roles included many Senior Management and Directorship responsibilities, so I have an understanding to listen, learn and take any appropriate action required to provide the best result needed.
